Butterfly Room

The pre-school children enjoyed playing in the water tray with ducks. It helps children develop eye-hand coordination. It also enhances social skills and encourages cooperation.

Pre-school children loved baking Easter nest cake. Hands-on cooking activities help children develop pride and confidence in their skills and abilities

The children enjoyed painting a Easter egg with fork. This can help your children communicate their emotions or feelings through painting.

Pre-School loved playing with stickle bricks and building houses, cars and sun glasses. Playing with a variety of building and creative products helps children build self-confidence and encourages their independent learning too

The children in Pre-school love playing with play dough and this helps the children with fine Motor Skill Development: great for strengthening muscle tone in little hands – squishing, squashing, rolling, flattening play dough all develop children's muscle

Pre-School children enjoyed playing with sand, spoon and pans. Sand play promotes physical development. Large muscle skills develop as children dig, pour, sift, scoop, and clean up spills with brush and dustpan.

Pre-school enjoyed playing with animal counting where the children had to match the numbers on the mat with that many animal.

The children enjoyed playing with different type of musical instruments. Music ignites all areas of child development and skills for school readiness, including intellectual, social-emotional, motor, language, and overall literacy

The new theme in pre-school is 'Moon Zoom' where the children will be learning about the planets and different type of transport.

The children in pre-school room and some of the babies done Easter egg hunt. Where the children had to find some hidden eggs.

Haneesh loves playing in the new home corner.

Bumble Bee

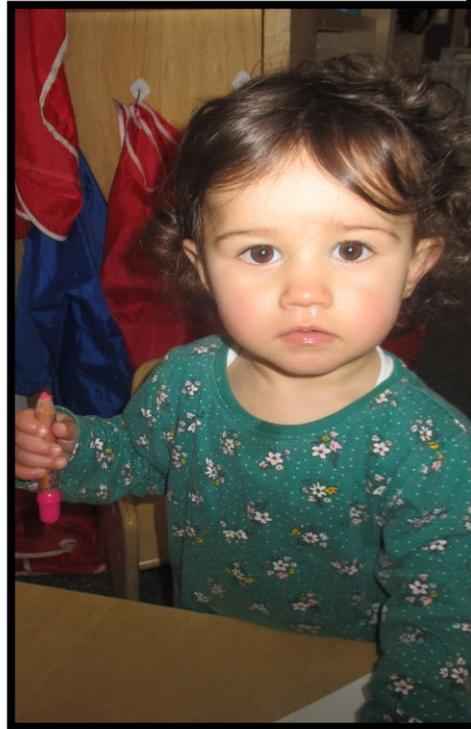

The babies enjoyed painting a Easter egg. Painting can help your children communicate their emotions or feelings.

The babies loves playing with baby doll and this helps the babies As Toddlers they begin to learn more about how to “take care” of their dolls, which teach them compassion and selflessness. Dressing, moving the doll around, etc.

The babies loved sticking cotton wool on the Easter bunny.

Zak loves to play in the water tray with ducks, and this helps children develop eye-hand coordination.

Zain loves exploring in the water tray and this helps this helps children develop eye-hand coordination.

Myla and Zak enjoyed playing together with the pushchair.

The babies baked brownies during the Easter break. This helps Physical Development squeezing, spreading, and mixing are all cooking skills that help develop a child's small muscle control and eye-hand coordination.

The babies in bumble bee room love mark making. This helps they are practicing to hold a pencil and are attempting to control their marks with their muscles.
